(CHAMP) Housing assistance to prevent homelessness.

213,645

Outbound member calls in response to COVID-19 public health emergency and natural disasters.

Community Health Worker Training Program

Amerigroup Iowa has funded 100 enrollment seats in Iowa Community Health Worker (CHW) training. The training is provided by the Iowa Chronic Care Consortium in partnership with Des Moines Area Community College.

This program aids with Population Health initiatives and eliminates health disparities among underserved populations in Iowa, particularly focused on chronic conditions in communities of color and supports maternal and child health.
